Stormwater Monitoring Results						
Date Sampled	Report Obtained	Suspended Solids (mg/L)	Suspended Solids Discharge Limit (mg/L)	Oil and Grease (mg/L)	Oil and Grease Discharge Limit (mg/L)	Comments
03/09/15	15/09/15	61	50	<5	10	This test indicates a higher than expected suspended solids reading. Additional drain wardens have been installed and asphalt check dams are proposed to slow the water velocity.
