

SUSTAINABILITY COMMITMENT POLICY TASMANIA NORTH WEST REGION ROAD MAINTENANCE

MISSION:

Enhance Tasmania 's development, lifestyle and community wellbeing through an effective, efficient and sustainable transport system.

OUR COMMITMENTS:

- Minimise impact to the community, maximise opportunities for local business and disadvantaged workers and create a restorative community project
- Deliver value for money and improve the state of the road network
- Positive environmental performance including minimising waste, optimise energy, water and material use
- Procurement of goods and services will consider sustainability aspects (environment, social, economic) and aim to minimise sustainable risk and maximise sustainable opportunities and benefits for the total life cycle
- Continuous improvement of sustainable performance and deliver the first ISCA rating in Tasmania
